

Weekend Recipe

“Cheesy Bacon Dogs”

1. Split the hot dogs in half lengthwise, making a pocket but not cutting all the way through. Stuff each one with a string cheese. Starting at one end, wrap a slice of bacon around each stuffed hotdog, then place each on a square of foil and wrap up.
2. Throw the wrapped hotdogs on a hot campfire grill and cook, turning occasionally, until the hot dogs heat through, the cheese melts and the bacon slices crisp, 10 to 15 minutes. Set aside to cool for 5 minutes, then enjoy.
