

S'MORES NACHOS

DIRECTIONS

STEP 1. Start up your campfire and let the flames die down to hot coals.

STEP 2. Break apart the graham crackers and place them in a tin foil container.

STEP 3. Place marshmallows and chocolate chips on top of the crackers and cover with aluminum foil.

STEP 4. Place the pan on the hot coals (no flames) and cook until the marshmallows are melted and begin to brown (about 10 minutes). Check by lifting the foil and peeking.

STEP 5. Remove the pan from the fire and allow it to cool for a few minutes. Eat like nachos.
